Tallahassee, FL 32399-0850

Dear Commissioners; Donald J. Pohlmon, Art Graham, Gary F. Clark, Julia I. Brown, and Andrew Giles Fay

We are writing regarding Docket number 20190071-WS, Deer Creek RV & Country Club, Inc. (Deer Creek). Deer Creek has filed for an increase in water and wastewater rates.

Several years ago a group of private individuals bought Deer Creek. They were lax in their due diligence and consequently ending up with bigger costs than expected. Now they are struggling and trying to find any and all ways that they can to increase monies coming into their treasury. This is a 55 plus community and most of the people live on a fixed income.

We also understand that the strip mall in front of Deer Creek (the commercial businesses between Deer Creek and Highway 27) do not participate in paying for their water and wastewater usage.

Now Deer Creek is asking all the residents of Deer Creek to pay more to cover their mismanagement (due diligence neglect) and to cover water and wastewater for commercial businesses that make profits.

Taken from your Rate Case Overview, the water bills for Deer Creek residents would increase by 365% and the wastewater bill would increase by 43%. Are you really reading this? Increases of **365% and 43%**. It is very hard for us to comprehend these ridiculous increases.

We are asking each of you, our commissioners, to vote **NO** on this request.

Respectfully,

Pete and Mary Lou Linder

206 Broken Woods Blvd.

Davenport, FL 33837
