Docket # 20190071-WS

I am very concerned about our rates being increased by 365%. This very well may mean that I am going to have to sell my property because of this very large increase due to that fact that my husband and I are on a fixed income.

This is a 55+ community. Most people are in the same financial constraints. If you put yourself in our position, I believe you would feel the same way. An increase is one thing - this is ridiculous. How could something increase this much.

I also understand that Deer Creek is paying for the businesses up front on Highway 27. Why aren't they asking those businesses to pay their share of water and sewer. We should not be responsible for footing their water and sewer bill. If you were in our shoes how would you like paying their bill.

Please vote no on this request.

Sincerely,

Robert & Eileen Herman

My name is Dan Garner. I am an owner at Fawn Ridge RV Park. I would like to oppose the requested water rate increase. Our part is comprised of mostly senior citizens on fixed incomes. Most of us cannot afford a rate increase of 300%+. We have not had any water leaks in our park which Deer Creek claims to have lost. We are metered and pay for every gallon of water that comes to through Deer Creek. Please vote no on this rate request increase.

Respectfully requested,
