**FLORIDA PUBLIC UTILITIES COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION AND MOTION FOR TEMPORARY
PROTECTIVE ORDER**

Florida Public Utilities Company ("FPUC" or "the Company"), pursuant to Section 366.093, Florida Statutes, and Rules 25-22.006(4) and (6), Florida Administrative Code, hereby submits this Request for Confidential Classification and Motion for Temporary Protective Order regarding certain documents provided in supplemental response to its prior responses to the Office of Public Counsel's First Requests for Production of Documents (Nos. 1-15). In support of this Request, FPUC states as follows:

1. Portions of the referenced documents, and in some cases all of certain documents, contain information regarding rates and terms in contracts with some of FPUC's vendors. FPUC and these vendors treat this information as highly confidential, proprietary business information in accordance with agreed upon contract terms. If this information is publicly disclosed, such disclosure could harm the Company's business interests, as well as those of its vendors.
2. Subsection 366.093(1), Florida Statutes, provides that upon request, records received by the Commission which are "found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from s. 119.07(1)."
3. "Proprietary confidential business information" is defined as meaning "information, regardless of form or characteristics, which is owned or controlled by the ... company, is intended to be and is treated by the ... company as private in that the disclosure of the

information would cause harm to the ratepayers or the company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public." Section 366.093(3), Florida Statutes.

4. Proprietary confidential business information includes, but is not limited to, information concerning:

- (a) Trade secrets.

- (b) Internal auditing controls and reports of internal auditors.

- (c) Security measures, systems, or procedures.

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

- (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

Section 366.093(3), Florida Statutes.

5. The confidential information is contained in six (6) Excel spreadsheets which reorganize information derived from invoices to FPUC from certain contractors. This same information, in different formats, has already been afforded confidential classification by the Commission through Order PSC-2019-0428-CFO-EI and Order PSC-2019-0513-CFO-EI issued in this same docket. In this context, the Company seeks confidential classification of all information contained in spreadsheet tabs A, B, C.1 and C.2 of each spreadsheet. The information is considered by the Company and these specific contractors to be confidential, and thus to constitute proprietary confidential business information entitled to protection under Section 366.093(d) Florida Statutes, and Rule 25-22.006, Florida Administrative Code. The information, which has been treated by FPUC as highly confidential and has not been publicly disclosed, and includes

information regarding rates and payments made by FPUC pursuant to contracts, which the parties treat as confidential in accordance with the terms of those contracts. This information, if disclosed, would not only impair the efforts of FPUC to compete for services, but would potentially place the Company in breach of contract. Furthermore, such disclosure could impair the Company's ability to contract for goods and services with other vendors on reasonable terms in the future. The information therein is therefore proprietary confidential business information and is entitled to continued and ongoing protection under Section 366.093(d), Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

6. For these reasons, FPUC requests that the Commission grant confidential classification for the referenced information.
7. This information is also being provided to OPC; as such, the Company also asks that the Commission enter a Protective Order, pursuant to Rule 25-22.006(6)(c), protecting this information from public disclosure to the extent it is being provided the Office of Public Counsel.
8. Rule 25-22.006(6)(c), Florida Administrative Code, provides in pertinent part, as follows, with respect to a utility allowing OPC to depose, inspect and/or take possession of the utility's information:
 - a. [T]he utility may request a temporary protective order exempting the information from Section 119.07(1), Florida Statutes. If the information is to be used in a proceeding before the Commission, then the utility must file a specific request for a protective order under paragraph (a) above. If the information is not to be used in a proceeding before the Commission, the Public Counsel shall return the information to the utility in accordance with the record retention requirements of the Department of State.

9. The information at issue falls squarely under Section 366.093(3)(d), Florida Statutes. Release of the referenced information as a public record would harm FPUC's business operations and ratepayers by impairing the Company's ability to effectively negotiate for goods and services. As such, FPUC requests that the Commission grant this Request for Confidential Classification and Motion for Protective Order
10. FPUC has been authorized by counsel for OPC to represent that OPC does not object to the granting of this motion but reserves the right to contest the confidentiality of the subject documents.
11. Given the formatting of this information, the Company is submitting this information only on a CD clearly marked "CONFIDENTIAL" as it is unable to accomplish highlighted and redacted versions in this format. The Company asks the Commission accept this submission as fulfilling the requirements of Rule 25-22.006, F.A.C..

WHEREFORE, FPUC respectfully requests that the Commission grant confidential classification and enter a protective order protecting the documents described herein, which have been provided in supplemental response to its prior responses to the Office of Public Counsel's First Requests for Production of Documents (Nos. 1-15).

RESPECTFULLY SUBMITTED this 29th day of January, 2020.
