Re: Undocketed – Revised Definitions

Dear Ms. Draper:

Attached, please find revised tariffs for Florida Public Utilities Company (Gas Division), Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company- Fort Meade, Florida Division of Chesapeake Utilities Corporation, and Peninsula Pipeline Company. The changes represented in these revised tariff sheets do not impact rates, rate structure, or terms and conditions of service to customers for any of the companies. Rather, the changes reflect efforts by the companies to update the description of Gas Quality, Character of Service, and Pressure across the entire FPUC/CHPK company platform for purposes of consistency, to expand the definition such that it is consistent with a broader range of FERC pipeline quality tariff language (heretofore, the language only modeled FGT's tariff), and to ensure that the definitions do not preclude receipt of renewable natural gas.

The following revised tariff sheets are hereby submitted for approval.
