---

Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, Duke Energy Florida (DEF or Company) requests confidential classification of certain information filed in the above-referenced docket dated January 30, 2020.

The Company is claiming confidentiality of its information under Section 366.093(3)(d), F.S. Per the Statute, propriety of confidential business information includes, but is not limited to: Subsection (d) "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Further, DEF requests that the confidential information contained in the 423 Report be protected from disclosure for a period of 24 months. For the reasons explained in its request, Duke claims this is the minimum time necessary to ensure that purposes for which confidential classification is granted are not contravened and frustrated by a premature subsequent disclosure.

The information at issue relates to claimed proprietary separated fuel commodity cost and fuel transportation cost data. This information has historically been treated as confidential.

Staff has reviewed the subject information as well as the Company's confidentiality request. It is staff's opinion that the information subject to this request meets the criteria for confidentiality contained in Section 366.093(3)(d), F.S.
