CUSTOMER COMMENTS

After an unsuccessful unanimous community effort which proves how Aquarina Utilities request for a rate hike in 2012¹⁴ was outrageous and undeserved, we worked tirelessly to alleviate our non-potable water problem. After raising the money & constructing the well, we are now being "charged" with compensating the very company whose poor service and exorbitant rates forced us to go forward with that project. ~~We~~ still pay for all irrigations to my private property as well as all other common areas.
Enough is Enough!
