CUSTOMER COMMENTS

In reading Aquarina Utilities request for a rate increase they state loss of revenue of Aquarina Golf as irrigation customer

- 1) It is my understanding that Aquarina Utilities could not supply enough irrigation to maintain proper condition of the course. This forced Aquarina Golf to seek an alternative in order to continue its operation.
- 2) If irrigation is the cost issue why is the rate increase request for potable water and sewer.
- 3) Proposal states a residential customer using 2000 gallons of water monthly would see bill rise from \$34.<sup>16</sup> to \$51.<sup>71</sup>. This amounts to a 50% increase on the current rate.

I wish that my income would increase at this level. Perhaps a rate increase should be a lesser amount.

Thank you for listening.

William Allen
