Subject: RE: 20160058-WS North Charlotte

The only real update is we have responded back to the FDEP concerning action planning to deal with the Radium issues and one of them is to build an interconnection with a new water main down US 17 that Peace River built. But this will require funding from either a low interest loan (SRF) or grant due to the costs involved. Also this will take years to design and permit due to a railroad crossing.
But other than that, no additional contact from the land owner or the potential developers.

Troy Rendell

Hey Troy,
Just checking on if there were any updates regarding the Sun River docket?

Sincerely,

Kerri Johnson
