Subject: I support Solar Choice in the Sunshine State - Docket: 2020-0000

Dear Florida PSC Clerk,

Six years ago, my wife and I refinanced our house in order to fix our roof and put solar panels on it.

Now, as we come into retirement, we depend on our net metering agreement to keep our energy prices affordable.

Please defend our net metering rules here in Florida They afford the opportunity for homeowners like us to generate clean solar power, keep our energy costs low, as well as sustaining local jobs in the clean energy business.

Sincerely,  
Philip Stoddard
