CUSTOMER COMMENTS

I Am NOT in favor of A price increase with the type of service we are getting from Pinecrest Utilities, we are paying too much money. The rust in the water is terrible, and taste bad. At least once a month I lose water service for a no nonsense repair, that requires a water boil notice, the repairs are a quick fix to get water back on, the repair man is a resident of the community and has no experience of water maintenance, he leaves messes where he is cobbling up the old lines with used stuff, I have personally cleaned up after him. The service is terrible, the water is NOT fit to drink, and the water most always has a rusty color to it. We need change!!!
