COMPLAINT INFORMATION

Complaint: Other Complaint against Utilities, Inc. of Florida
Details:

utilities inc continues unfair billing rate increases. In my 4 years here, bills went from 30 a month for water to close to 200. This is not because of increased consumption, but rather greedy corporate fucks who keep increasing our rates. I just received another letter of yet again another rate increase. My water bill in the desert southwest was cheaper than this, we are surrounded by bodies of water and have high precipitation from april to October. This is insane!!!
