Subject: Net Meeting 09/17/2020

We are customers of Duke Energy-Florida. We have 30 solar panels installed on our home since April 2017. Our annual net metering benefit has been 2342 KwH (2017), 2914 KwH (2018), 3628 KwH (2019), 3066 KwH (through 8/2020).

We understand there is a Commission meeting tomorrow to discuss Net Metering. As we benefit from net metering, we oppose any changes to the rules and regulations that would reduce our net metering benefit.
