Good Morning, Dave Harris

We will be placing your comments below in consumer correspondence in Docket No. 20200000-OT and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz
Commission Deputy Clerk II
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399

Subject: I support Solar Choice in the Sunshine State - Docket: 2020-0000

Dear Florida PSC Commissioners,

Although I don't live in Florida (we are in Colorado), everyone should be concerned with any disincentive to renewable energy. Fossil fueled pollution crosses all borders and we should be doing everything we can to reduce greenhouse gases and global warming so as to minimize rising ocean levels.

As we struggle with a global pandemic, an economic crisis, and an active hurricane season, it is not the time to create more uncertainty by signaling a change in solar policies that are helping to make Florida a leader in clean solar power and providing good paying local jobs.

At the start of 2020, Florida was ranked 4th in the nation for solar energy production, employing thousands of people and powering the Sunshine State with clean, affordable, homegrown energy. The economic downturn has already put many of these jobs and future solar development at risk - Floridians don't need sudden regulatory changes in solar policies to create even more uncertainty.

The current net metering rule allows a number of Floridians to grow a segment of the solar market by choosing to power their homes and businesses with Florida's number one natural resource, sunshine. Florida citizens and customers overwhelmingly support the current successful net metering policy allowing compensation for the solar energy they generate and provide to the electricity grid.

On behalf of all humankind regardless of where we live, please protect the opportunity for business and homeowners to generate clean solar power and support local jobs by preserving the successful net metering rules in Florida.

Sincerely,
Dave Harris
Durango, CO 81301
