Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

With millions to spend, I came to Fl. with specific expectations. This is a game changer if the commission is not taking care of its constituents. Seems like a giveaway to business interests, not for those of your charges you are supposed to be taking care of.
