Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

The SPP does not appear to be in the vast majority of Florida electric customer's best interest. I say this because the estimated number of customers who will benefit from the SPP from each utility is less than 10% at an astronomic cost. The Florida Public Service Commission should not allow this type of corporate welfare at the expense of all Floridians.

Sincerely,
