Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Docket Number: 20200092-E1

In this unprecedented time of pandemic, people not working and barely making ends meet this is the last thing that should be on the table.

Monopolies must stop, as the rich get richer and continue to take from the poor. Care for all fellow humans should be what's most important.

Quit lining the pockets of monopolies with gold. One day you will surely answer for what you did to your fellow man.

This world already has enough of this going on, must you join the bandwagon and continue.

Stop This craziness now and give us all lower electric rates instead of being fraudulent in your efforts. Enough is way past enough!

Sincerely,

Mrs. Maureen Futch
