Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

As a senior citizen, and a widow, on a fixed income. any increase in my FPL monthly bill will be a real hardship. I do everything I can to keep my electric bill down, including a new energy efficient refrigerator and washer which I use as

sparingly as possible. I was without electricity during Hurricane Irma for 11 days which was very hard and uncomfortable. Please do not raise electric rates for the citizens of Florida. Many of us are seniors who cannot afford it and it could mean the difference between food or medicine and our electric bill..

Sincerely,

Mrs. Kathleen Webber
