Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

To whom it May Concern ;

This increase is especially hard on the seniors on social security which adds up to at least 67% of the population of Florida being hurt by this increase. Most will have to choose between being comfortable or food or meds. It is actually cruel to all us seniors living in this state. I wish the power companies could find a better alternative without forcing a hardship on seniors. I have been here over 40 years & will have to think of moving out of state because this hardship being enforced. Please reconsider for all our sakes. Respectfully; Ms. Wynne Wigderson

Sincerely,

Ms. Wynne Wigderson
