Florida PSC PSC PSC

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Instead of allowing FPL to raise rates for everyone in order to benefit a few customers, why don't you insist they follow the PSC rules? If the rate increase was to pay for burying power lines, which in Florida is the only sensible way to negate storm damage, the increase would be ok. Instead I watched for weeks FPL spend a fortune to put concrete power poles up where wooden ones were, in the stupid effort to improve storm response.

Sincerely,

Ms. TONI SHIFALO
