Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Add your personal story here

Having seen the corrupt actions within the state capital among the lawyer lobbyists and large corporations, it is disheartening that our electric systems are up for grabs by the lobbyists for the corporations involved. Big money always goes far there! Lobbyists laugh it off at the expense of the electricity rural users inland from the storm surges. Same old story, But people are getting fed up with it.
