Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Please do not approve the Electric Utilities' Boondoggle (Docket

20200092-E1) We need new thinking about solving energy situations instead of just throwing money at the problem without oversight or study as to the real effectiveness of this solution. Times have changed and we need to change old procedures. We can do it. I am not aware of a feasibility study with comparisons to other options. We the people can't be squeezed anymore for essential services.

Katherine Dvorshock Shumway

Sincerely,

Mrs. Katherine Dvorshock Shumway
