Dear Public Service Commission Members:

I trust that you are aware of the pain, physical, mental, and economic, that many Floridians who currently purchase electric power from Florida utilities are SUFFERING through because of the effects of the COVID-19 pandemic. I write you, today, because I believe you have the ability to use the EMERGENCY RULEMAKING POWERS entrusted to you to rule that during the COVID-19 pandemic there be NO DISCONNECTION OF ELECTRICAL SERVICES in Florida for those persons who face such disconnection due to the vast arrearages they have accumulated with the current providers of their electrical power.

Please do what is morally right at this time!

Sincerely,

David Sinclair
Chair, LULAC FLORIDA Environment and Climate Issues
