COMMISSION
CLERK

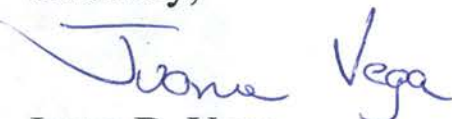

To: Written objections to the application for a rate increased by People Gas System (**Docket No: 20200051-GU**)

I hereby would like to express my opposition to the rate increased by People Gas System.

Many seniors like me living on a fixed pension income cannot afford anymore increases in the gas bill.

I rather would like to see you reducing unnecessary personnel and introducing better technology that will help you to increase revenue, instead of "passing the buck" to the consumers.

Sincerely,

Juana D. Vega
