Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

We are retired on a limited budget. We can't afford to subsidize a few customers. You should have figured this out 40 years ago. We lived in Margate during Wilma and power was out for a long time. Meanwhile Coral Springs had power because of buried electric lines. What it cost replace all the poles on SR 7 would nearly cover burying the lines.

Sincerely,

Mr. John Gregory
