Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

FPL is my electric utility. Docket # 20200092-E1. I'm very disappointed in this proposal. The PSC is supposed to serve the PUBLIC, not utility conglomerates. Do your duty and nix this plan which will benefit virtually no consumers. Just do the right thing.

Sincerely,

Susan Douglas
