DOCKET NO. 20200193-PU

FILED: October 5, 2020

**TAMPA ELECTRIC COMPANY’S POST-WORKSHOP
COMMENTS ON RULES 25-6.043 AND 25-22.0406, F.A.C.**

Tampa Electric Company (“Tampa Electric” or “the company”), submits the following post-workshop comments regarding the proposed changes to Rules 25-6.043 and 25-22.0406 of the Florida Administrative Code (“F.A.C.”).

Tampa Electric generally supports Staff’s changes to the Rule. The company believes that the proposed changes will make the process of filing a petition for rate increase more efficient and will make information more accessible to the general public. For the sake of brevity, and to avoid duplication, Tampa Electric adopts the positions set out in Florida Power & Light Company’s (“FPL”) Post-Workshop Comments. The company would like to place additional emphasis, however, on FPL’s proposed revision to section (1)(h) of Rule 25-6.043, which would allow utilities to file the required ten paper copies of the petition one week after the electronic filing. Tampa Electric supports this change because it will provide utilities with the time to carefully prepare the paper copies of the filing and perform the necessary review to ensure that the copies are accurate and complete.

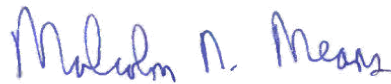

Tampa Electric also adopts FPL’s analysis of the potential economic or financial impacts of the proposed rule revisions. The company agrees that the proposed rule revisions will likely reduce costs and promote administrative efficiency.

Finally, Tampa Electric would like to thank Staff for hosting the rulemaking workshop on September 21, 2020 and for considering the input of the utilities during that workshop, and for consideration of these Post-Workshop Comments.

WHEREFORE, Tampa Electric Company submits the foregoing as its Post-Workshop Comments regarding the proposed amendments to Rules 25-6.043 and 25-22.0406 of the Florida Administrative Code.

DATED this 5th day of October, 2020.

Respectfully submitted,
