| This is the 5 th rate increase in 3 years. How do they get away with this? Inflation is low - except for Utilities, Inc. We are stuck with this company. There is no competition. I am astonished that they have the audacity to request another increase in a short period of time. How could the commission permit this? It is unacceptable. Think of our neighbors on fixed incomes! Those who have been laid off due to the pandemic! This is not okay. |
