CUSTOMER COMMENTS

I can't believe that Utilities, Inc of Florida is even  
considering another rate increase - if I am correct  
this will be the third increase in two years. Plus I get  
charged for waste water that is not going into the sewage  
system: such as filling my pool & watering my lawn.  
I am not sure what they are doing with all the money  
from the increase, - it is not going for manpower. ON the  
weekend if you call the emergency number they usually only  
have one person on call. Their service at best is average  
and with the rate we are currently paying I would expect  
great service. It appears to me that all they want to  
do is live the pockets of upper management.
