Subject: Docket No. 20200139-WS

Although, I do understand rates increases are to be expected from time to time, the requested approximate increase, especially for waste water, is excessive for most homeowners and Seniors. These Counties have been hard hit by the Covid 19 Virus; many having lost jobs, incomes and family members. The total requested monthly increase of approximately \$20. is unconscionable to say the least.

I am sincere in asking that compassionate minds deny granting this rate increase.

Sincerely
Barbara Huffsmith
