Good evening.

Reference Docket No. 20200139-WS

We understand the importance of clean water. Yet, you must consider appropriating fair costs to the new users of water.

The increase of about \$15.74 for every wastewater user is a very high percent increase. Not acceptable.

Thank you for coming up with another plan which makes more sense.

We do not support the increase as proposed.

Peace,
Jeanne and William Mazzolini
