Denise Dalton, CAM
Community Association Manager
Lake Yale Estates Condominium Association, Inc.
38141 Maywood Bay Dr.
Leesburg, FL 34788
Ph: 352-589-9214

We, the residents and owners of Lake Yale Estates Condominium Association, Inc., by signing below agree with the following statements:

We object to the proposed rate increase for Lake Yale Utilities, as proposed by the Florida Public Service Commission.

We are seniors living on fixed incomes. If this rate increase passes it will create a financial hardship. The increase would also affect the association which in turn would affect us as individuals again. Our association dues pay for all of the expenses of the community, so when the association takes a hit, so do we.

There are numerous issues that we have with our current service from Lake Yale Utilities that we feel the Florida Public Service Commission should be aware of. They include, but are not limited to:

- * water pressure problems, so much so that we are having difficulties watering the lawn, running the dishwasher, taking showers and doing laundry.
- * bad taste and or smell to the water, so much so that we resort to using filters or purchase bottled water, (an added expense).
- * lack of maintenance to the facility creates many issues which include but are not limited to: excessive noise level from the equipment, retention ponds not being cleaned out which creates an enormous problem with mosquitoes as well as the very unpleasant smell.

We ask that the Florida Public Service Commission take these issues into consideration when working with Lake Yale Utilities.

Thank you for your attention in this matter.
