Dear Commissioner Donald J. Polmann,

I?m a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves. Vulnerable communities already have a difficult enough time paying their current utility bills without an additional rate increase that will subsidize big corporations instead of providing all ratepayers the benefits of clean energy.

Please deny Duke Energy?s request to approve their Clean Energy Connection program. If all customers, like me, are paying for solar then we deserve to also enjoy all the cost savings of that solar, and not just big corporations.

Sincerely,

Rowland Johnson

Dear Commissioner Donald J. Polmann,

I do not support making it possible for large corporations to make Manet hands over fists while low income families are scraping to pay electrical bills, sometimes going without necessities to do so. It is outrageous.

Dear Commissioner Donald J. Polmann,

These big corporations can afford solar, I Support solar but not at the tax payers expense. These funds can be put to better use to help those affected by pandemic.

Thank you for your attention in this matter!

Sincerely

Denise Hughes
