RE: Docket #20180138-SU Response to letter dated 12/3/2020

Ms. Thompson,

Please be advised that work has begun on repairs to sanitary manhole at the John Anderson Lift Station. A large tree and other impediments had to be removed to continue with other planned work. The trees have been removed along with roots surrounding the manhole. (Pictures of before and after are attached). Continuing work inside the structure is ongoing and will be completed on or before 2/15/21. This project is not a danger to operation and was at the bottom of prioritizing list.

Will provide bills or invoices when work is completed.

If you have any questions, please call 386-677-7607.

Sincerely,

R. Hillman
NPUC
