**Subject:** FPL Rate Increase Proposal Docket No. 20210015-EI

Dear Commissioner

I understand that occasional rate increases are necessary, but the increase being requested by FPL is excessive. There is no reason they should be guaranteed an 11.5% ROI when the industry average is currently 9.55%.

Florida is home to millions of retirees, including myself and my spouse, who live on fixed incomes. Post Covid we are being faced with high inflation on everything we need to get by - gasoline has gone up 50%, food, especially meat and produce have gone up so much that we cannot afford to go to Publix anymore and have to settle for less quality items at discount grocers. Please take a stand against FPL instead of rubber stamping their requests as is usually done. Floridians need you on our side for a change.

Thank you, Bob Rogers  
Bradenton

Thank you,

Robert Rogers
