CLERK

Docket # 2021 0015 - E1

Please do not allow FtL, a monopoly that is supposed to be for the public continue to ask us, the people, to pay every other year a huge increase.

A better solution would be to cap FtL's bonuses, salary increases and waste reduction.

We, the seniors and others are living on a very tight budget.

Currently, gas is up to 3.⁰⁰ a gallon!

The paper product prices are off the charts !!

The grocery store increases are here now!

Increased prices, smaller packages and you wonder why folks resort to a dollar menu. !!

We can't afford to subsidize them. They are a public utility. Please just say NO for all americans and all people.

Thank you for reading my letter.

Again I implore you to turn down FP+L's request again for a price hike/increase.

Again look within FP+L structure.

Why aren't they a leader in solar energy for the state of Florida?

Why are salaries & bonuses so high?
What about spending on work travel?

FP+L is continually taking more of our money.

We can't afford these increase tactics.

Sincerely,

Sony & Roberta O'Steen
