Subject: Re: DN 20210098-WU (A Utility) - First Data Request

Hi Emily

This is Troy Fonder With "A Utility Inc."

When i was applying for this staff assisted rate case i had spoke with someone at PSC about my time lines i explained to them that i would not be available to work on this until mid November and any records you may need would not be forthcoming until after that. With additional conversation it was suggested that "A Utility Inc." file the case anyhow because "It is like driving a stake in the ground" by starting the case. I hereby am requesting additional time to reply to any request until Mid December 2021.

However after glancing through your request i believe most of your questions are available at the PSC departments that just handled the transfer certificate into "A UTILITY INC." they received complete financials that were given to several departments also a water system valuation study was completed by "FL Rural Water Association" and also all the system values were set in the final order of transfer by the PSC Board.

Please request these documents from with in the other PSC departments they have most of the info you are looking for and narrow down what you need from me.

Thank You
Troy Fonder Pres.

Good afternoon,

Per staff's first data request dated July 7, 2021, the information requested by staff was due to be filed in the docket by August 4, 2021. However, we have not yet received a response to staff's data request. If you have any questions regarding the data request, please contact me anytime.

Or you need additional time to prepare the information, please let me know when you believe a response will be filed in the docket.

Best regards,

Emily Knoblauch
