Dear Commissioner

PCS, Please remember that your customers are the rate payers, not FPL. FPL Has not properly used the last huge rate increase for hardening our grid. They hire out large amounts of work to poorly skilled 3rd party companies leaving us with an insecure power delivery grid. Now many homes & businesses have spend tens & hundreds of thousands of dollars to get our own back up electric because of FPLs spontaneous outages. Cut the rate & make them improve. That's your job.

Thank you,

Greg Paige
