Subject: Keep FPL Bills Low

Dear Commissioner

FPL is a company trying to take too much from the people. Their rate increase is still too high even with the proposed settlement. The PSC should hear all the arguments before making a decision. We need to look to the future and continue with sustainable energy projects. I am not opposed to a rate increase if FPL will commit to being transparent on where their goals are and where they intend to spend any increase.

Thank you,

Gregory Towner
