with everything from food to medicine skyrocketing, seniors who are on a fixed budget need to keep electricity low. South florida in the heat of summer is a killer. We need to keep fans running and be able to afford our medicine and eat. With covid rearing again, we are gwttting weaker and need more over the counter medicine to help with coughs, sore throats and fever. There is more need for juice for vitamin C. Younge people have multiple incomes. Some seniors live alone and it is hard to meet bills for a household. Please keep FPL costs low.
