Good afternoon,

Per your request we have updated the title to "Application for transfer of water facility to the City of Ocala, and cancellation of Certificate No. 640-W, by GCP Fairfield Village, LLC", we have also changed the suffix from WS to WU.

Sincerely,

Brian Schultz

Hello Dorothy,

The name of the utility is confirmed to be GCP Fairfield Village, LLC and the docket suffix should be WU. Thank you for catching these errors. Would the clerk's office be able to change the docket's title to reflect these changes? Making the final title and number "Application for transfer of water facility to the City of Ocala, and cancellation of Certificate No. 640-W, by GCP Fairfield Village, LLC" and "20210152-WU", respectively. Thank you very much.

Good morning, Kaitlyn,

We also need clarification of the utility name. In MCD, the company name includes a comma that is not shown in the company's application (see the CLK note in the description for the application) or in your title below. As the docket was set up as a WS rather than a WU, we also need confirmation that the docket suffix should be updated to WU. Thank you for your help.

Dorothy

Subject: Docker No. 20210152-WS Name Change Request

Hello Brian,

I am working on Docket No. 20210152-WS, and noticed GCP Fairfield is a water only facility. The current title of this docket is "Application for transfer of water and wastewater facilities to the City of Ocala, and cancellation of Certificate No. 640-W, by GCP Fairfield Village LLC". If possible, could the title be changed to "Application for transfer of water facility to the City of Ocala, and cancellation of Certificate No. 640-W, by GCP Fairfield Village LLC"?

Thank you,
