Dear Commissioner

I like FPL. Customer service is great. I know costs go up. But on a fixed income, my salary does not. Everyone wants a bigger slice of my pie....medicines, insurance, doctors, groceries, gas. My golden years are not so golden. Corporations on the other hand keep posting higher and higher profits and execs get bigger and bigger bonuses. How about taking a bigger piece of THEIR corporate pie. They can afford it more than we can and have huge budgets to play with to shift money around to cover the increase. Please. Thank you.

Thank you,

Theresa Ellenbrand
