COMMISSION
CLERK

**BEFORE THE
FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, D.C. 20554**

In the Matter of)	
)	
Section 63.71 Application of)	
)	File No.
BellSouth Telecommunications, LLC)	
)	
For Authority Pursuant to Section 214 of)	
The Communications Act of 1934, As Amended,)	
To Discontinue the Provision of Service)	

SECTION 63.71 APPLICATION OF AT&T

AT&T Services, Inc., on behalf of its affiliates, BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee (collectively, referred to herein as "AT&T") applies for authority under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. § 63.71, to discontinue Self-Healing Multi-Nodal Alternate Route Topology Ring (SMARTRing) Service throughout its service area in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee.

As required by Section 63.71 of the Commission's rules, AT&T provides the following information:

Name and Address of Carrier:

BellSouth Telecommunications, LLC

The address for purposes of this application is:
208 S. Akard Street, Floor 16
Dallas, TX 75202

Date of Planned Service Discontinuance:

Effective on or after December 1, 2021, pending regulatory approval, SMARTRing (“Affected Service”) will no longer be available to new customers. Also, effective on or after December 1, 2021, moves, adds, and change orders will no longer be permitted except that existing customers will be permitted to modify their existing service and add new circuits to their existing service subject to and coterminous with the customer’s existing term payment plan or term agreement, but existing customers will not be permitted to add new nodes in any location and upgrades and downgrades will not be permitted. Current customers subscribing to the Affected Service may continue to purchase service on a month-to-month basis or enter a 12-month term plan, when it is available. Effective on or after November 23, 2023, existing customers will no longer be able to renew a term payment plan or agreement and no move, add or change orders of any type will be accepted.

Points of Geographic Areas of Service Affected:

AT&T will grandfather the Affected Services through its service territory in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee.

Brief Description of Type of Service Affected:

The Affected Service is a dedicated high-capacity network via a self-healing ring topology between multiple customer designated locations and company central offices. This network consists of fiber routed through local, alternate central office, internodal, and/or interoffice channel

facilities that transmit DS-1, DS-3, STS-1, OC-3, OC-48, OC-192 and/or 1000 Mbps channel service simultaneously over primary and alternate paths between customer designated locations and AT&T central offices.

AT&T is discontinuing this service due to decreased demand as customers are instead using Ethernet services, and the technology required for SMARTRing is nearing the end of its life cycle. The public convenience and necessity will not be impaired by the grandfathering of these services as alternative services options are available to these customers, such as Ultravailable Network Service (“UVN”), AT&T Virtual Private Network (“AVPN”) service, AT&T Dedicated Ethernet (“ADE”) service, AT&T Dedicated Internet (“ADI”) service, and AT&T Switched Ethernet Service (“ASE”).

Brief Description of the Dates and Methods of Notice to All Affected Customers:

Customer notices were sent via U.S. Mail on October 6, 2021.¹ Copies of this Application are being sent, first class U.S. Mail to the public utility commission, governor, federally recognized tribes (if any) in the affected states, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission’s rules.²

¹ See Attachment A.

² Section 63.71(a) directs applicants to submit a copy of the application to the Secretary of Defense, Special Assistant for Telecommunications. However, due to restructuring within the Department of Defense, that position no longer exists. Commission staff has advised that a copy of the application be sent instead to the Department of Defense Chief Information Officer.

Regulatory Classification of Carrier:

AT&T offers the Affected Services pursuant to non-dominant carrier regulation.³

Questions about this application may be addressed to Josh Woodbridge, AT&T Services, Inc., Director - Federal Regulatory, 1120 20th Street N.W., Suite 1000, Washington, D.C. 20036, (202) 457-2139.

Conclusion:

As discussed above, the public convenience and necessity will not be adversely affected by the grandfathering of the Affected Service because AT&T offers other solutions. AT&T respectfully requests the Commission approve its Section 63.71 Application.

Respectfully submitted,

By: /s/ Cindy Manheim

ATTACHMENT A

October 6, 2021

**Notice Regarding Self-Healing Multi-Nodal Alternate Route
Topology Ring (SMARTRING)
(also known as BellSouth SPA Dedicated Ring)
Change in Service Effective 12/1/2021**

Thank you for using AT&T for your business service needs. We want to make you aware of planned changes to your Self-Healing Multi-Nodal Alternate Route Topology Ring (SMARTRing) Service, also known as BellSouth SPA Dedicated Ring in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee, (collectively referred to as "Service").*

Effective December 1, 2021, pending regulatory approval (where required), Service offered under the AT&T Interstate Access Guidebook and the applicable state tariffs or guidebooks will no longer be available to new customers (not current contract or service) in the states of AL, FL, GA, KY, LA, MS, NC, SC, and TN. As a current AT&T customer you may retain your existing service(s) subject to the following changes in service:

- **Effective December 1, 2021, Moves, Additions, and Change orders for SMARTRING will no longer be accepted with the following exceptions.**
 - Existing customers will be permitted to modify their existing Service and will be able to add new circuits to their existing Service, but will not be permitted to add new nodes in any locations. Any such new circuits will be subject to and coterminous with the customer's existing term payment plan or term agreement for the Service to which they are added.
 - Neither upgrades nor downgrades will be permitted.
 - Customers with expiring contracts may continue to purchase Service on a month-to-month basis or enter into a 12-month term plan, when available. AT&T will be introducing a new 12-month term plan on or about December 1, 2021.
- **Effective November 30, 2023, unless specified to the contrary in their existing service agreements: (a) existing customers may not renew Term Payment Plans or term agreements; and (b) no Move, Add, or Change orders of any type will be accepted.** Following the expiration of existing term payment plans or term agreements, AT&T will provide this Service on a month-to-month basis until the Service is discontinued. During any month-to-month service period, AT&T may change the rates, terms, and conditions of the Service upon required notification.

* Service provided under the AT&T Interstate Access Guidebook and applicable state tariffs or guidebooks by BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee.

AT&T offers Ultravailable Network Service (UVN), AT&T Virtual Private Network (AVPN) Service, AT&T Dedicated Ethernet (ADE) Service, AT&T Dedicated Internet (ADI) Service, and AT&T Switched Ethernet (ASE) Service as alternative services.

If you have any questions, please contact your account manager, the customer service center at 1-800-721-8127, or www.att.com.

We appreciate your business and look forward to serving your future business needs.

Sincerely,

Scott E. Beckett

BAN(S) associated with this notice:

[Redacted]

The FCC requires AT&T to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days for a non dominant service after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 Application of BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

October 6, 2021

**Notice Regarding Self-Healing Multi-Nodal Alternate Route
Topology Ring (SMARTRING)
(also known as BellSouth SPA Dedicated Ring)
Change in Service Effective 12/1/2021**

Thank you for using AT&T for your business service needs. We want to make you aware of planned changes to your Self-Healing Multi-Nodal Alternate Route Topology Ring (SMARTRing) Service, also known as BellSouth SPA Dedicated Ring in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee, (collectively referred to as "Service").*

Effective December 1, 2021, pending regulatory approval (where required), Service offered under the AT&T Interstate Access Guidebook and the applicable state tariffs or guidebooks will no longer be available to new customers (not current contract or service) in the states of AL, FL, GA, KY, LA, MS, NC, SC, and TN. As a current AT&T customer you may retain your existing service(s) subject to the following changes in service:

- **Effective December 1, 2021, Moves, Additions, and Change orders for SMARTRING will no longer be accepted with the following exceptions.**
 - Existing customers will be permitted to modify their existing Service and will be able to add new circuits to their existing Service, but will not be permitted to add new nodes in any locations. Any such new circuits will be subject to and coterminous with the customer's existing term payment plan or term agreement for the Service to which they are added.
 - Neither upgrades nor downgrades will be permitted.
 - Customers with expiring contracts may continue to purchase Service on a month-to-month basis or enter into a 12-month term plan, when available. AT&T will be introducing a new 12-month term plan on or about December 1, 2021.

- **Effective November 30, 2023, unless specified to the contrary in their existing service agreements: (a) existing customers may not renew Term Payment Plans or term agreements; and (b) no Move, Add, or Change orders of any type will be accepted.** Following the expiration of existing term payment plans or term agreements, AT&T will provide this Service on a month-to-month basis until the Service is discontinued. During any month-to-month service period, AT&T may change the rates, terms, and conditions of the Service upon required notification.

* Service provided under the AT&T Interstate Access Guidebook and applicable state tariffs or guidebooks by BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee.

(Over)

To the extent your contract with AT&T is inconsistent with the above, these planned changes may not apply to you. Please check your contract or contact us with questions.

AT&T offers Ultravailable Network Service (UVN), AT&T Virtual Private Network (AVPN) Service, AT&T Dedicated Ethernet (ADE) Service, AT&T Dedicated Internet (ADI) Service, and AT&T Switched Ethernet (ASE) Service as alternative services.

If you have any questions, please contact your account manager, the customer service center at 1-800-721-8127, or www.att.com.

We appreciate your business and look forward to serving your future business needs.
