**PETITION OF BRIGHT HOUSE NETWORKS
 INFORMATION SERVICES (FLORIDA), LLC
 TO AMEND ETC DESIGNATED SERVICE AREA**

Bright House Networks Information Services (Florida), LLC (“Bright House”) respectfully submits this Petition asking the Florida Public Service Commission (the “Commission”) to revise Bright House’s ETC designated service area by removing the census blocks identified in **Exhibit 1** so that the service area will remain consistent with the areas that are eligible for support from the FCC’s Rural Digital Opportunity Fund (“RDOF”) as reflected in **Exhibit 2**.

In support of this Petition, Bright House submits the following:

Bright House is a Delaware limited liability company with a place of business at 12405 Powerscourt Drive, St. Louis, Missouri 63131. Bright House is a majority owned and wholly controlled subsidiary of Charter Communications, Inc. (“Charter”), which is headquartered at 400 Atlantic Street, Stamford, Connecticut 06901. Bright House is authorized by the Commission to provide local exchange telecommunications services in Florida. CCO Holdings, LLC (“CCO Holdings”), an affiliate of Bright House, was selected as a winning bidder in Florida¹ under the FCC’s Rural Digital Opportunity Fund Phase I Auction (Auction 904) (“RDOF Auction”),² and CCO Holdings assigned its winning bid to Bright House.

I. BACKGROUND

As an assignee of federal RDOF support in Florida, Bright House would receive support to expand the broadband network owned and operated by Charter and its affiliates into certain rural census blocks in Florida that are currently unserved by high-speed broadband service (the “RDOF Census Blocks”). As a condition to receiving the RDOF support, Bright House was required to become an ETC in the areas for which it would receive RDOF support. As a result, in January 2021, Bright House filed its application with the Commission seeking designation as an ETC only in the RDOF Census Blocks (identified in Exhibit A to its ETC application).

Bright House recognized that the Phase I auction (as well as the RDOF program generally) relied on imperfect data to identify unserved areas and could include areas that would turn out not to be suitable for network expansion or RDOF support; therefore, it was likely that RDOF support would ultimately not be awarded for at least some census blocks that were included in the Phase I

² See *Rural Digital Opportunity Fund Phase I Auction Scheduled for October 29, 2020; Notice and Filing Requirements and Other Procedures for Auction 904*, Public Notice, 35 FCC Rcd 6077 (2020) (“*Auction 904 Procedures Public Notice*”).

auction.³ To account for this contingency, Bright House’s filings in support of its application in Docket No. 20210013-TX made clear that Bright House was only seeking designation as an ETC in the RDOF Census Blocks in order to support its RDOF obligations and that Bright House’s ETC designated service area should remain consistent with any changes that the FCC made to the RDOF Census Blocks.⁴

The Commission ultimately granted Bright House’s application by Order No. PSC-2021-0222-PAA-TX, issued June 17, 2021, in Docket No. 20210013-TX, which was thereafter rendered final by a Consummating Order, issued July 9, 2021 (the “ETC Designation Order). The ETC Designation Order designated Bright House as an ETC in a list of defined census blocks (the “ETC Census Blocks”) that tracks the RDOF Census Blocks as identified in Bright House’s application.

II. REQUEST FOR ETC CENSUS BLOCK MODIFICATION

After the ETC Designation Order was entered, the FCC issued letters asking RDOF recipients to review their winning census blocks and to return any census blocks that should not be included in the RDOF program.⁵ Since then, Bright House has identified to the FCC census blocks in which it does not intend to expand and therefore it is returning to the RDOF, and the FCC has acknowledged the return of those census blocks.⁶ Additionally, Bright House has informed the FCC of additional census blocks for which Bright House is no longer applying for

³ See, *Docket No. 20210013-TX – Bright House Network’s Supplement to Application to Address Potential Changes to Area of Applicant’s ETC Designation*, filed March 10, 2021, and later withdrawn on May 14, 2021.

RDOF support. Bright House expects that the FCC will publicly notice this information at a later date. These census blocks are collectively identified in **Exhibit 1**.

Because Bright House will not receive RDOF support for these census blocks, Bright House now seeks to amend its ETC designated service area to remove those census blocks. To be clear, Bright House has not extended service in these census blocks, serves no customers in these census blocks, and has not advertised service in these census blocks.⁷ **Exhibit 2** provides a revised list of the remaining census blocks for which Bright House should remain designated as an ETC in Florida.

III. CONCLUSION

For these reasons, Bright House respectfully requests that the Commission grant this Petition and approve Bright House's request to remove from its ETC designation the census blocks identified in **Exhibit 1**, and acknowledge that the census blocks listed in **Exhibit 2** are the census blocks in which Bright House is designated as an ETC Florida.

Respectfully submitted,

⁷ The provisions of 47 USC §214(e)(4) regarding relinquishment of ETC designation and requiring that the state commission ensure other ETCs will remain in the area to serve customers do not seem to apply to this request. Bright House's request to amend the service area in which it seeks to be designated as an ETC prior to providing any service in the area is not relinquishment of an existing service area, but instead a request to reduce the scope of the service area that was initially designated. The requested modification of Bright House's ETC designated area will not reduce the number of ETCs serving any Florida consumer today.
