Good Morning, James and Christie Davis.

We will be placing the comments below in consumer correspondence in Docket No. 20200226, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Subject: Palm Island Sewer

Hello,

I am a home owner on Don Pedro Island and would like to express my opposition to the proposed sewer service.

The opacity on the finances of this company and the proposed project are a concern. We are giving them a blank check to charge us whatever they want to install the sewer and the opportunity to change us any thing that they want to in reoccurring charges. They have no experience in a project of this scope and no track record of even finishing what they have started.

If sewers are needed, there has to be a better way to go about it than to hire a company with no technical expertise for such a project.

I also do not feel the need for sewers on the island has been established. There seems to be no benefit to the homeowners who will fund the cost of the entire project. The needs of the island need to be determined by a company that is not going to profit from the sewer system.

Please deny EU's application for wastewater service

Thank You
