Subject: Docket #20200226-SU

January 23, 2022

Dear Clerk of the Commission,

My name is Brad Roberts and I am a resident at 450 S. Gulf Blvd in Placida Florida. We live on Don Pedro Island and are strongly opposed to allowing EU to proceed with the installation of sewers on our island. Not that we are opposed to sewers but we are opposed to EU and their owner to manage a project of this size given his lack of experience in this field.

It is my opinion that this is a job that the county should be doing if it needs to be done. The county has people on staff that have much more experience in this area than anyone at EU. Given Mr. Boyars record with the Little Gasparilla Water Company, I find it hard to believe that the county is even considering EU to apply for the Certificate of Authorization.

Please record my opposition to this matter and encourage you to vote down this Certificate of Authorization for EU.

Brad Roberts
