Subject: RE Docket - #20200226-SU

Christopher Zenaty - Owner
45 Palm Drive, Placida, Florida - Palm Island

I am formally requesting that PSC deny EU's application for wastewater service.

I am concerned with the ability of this company to responsibly complete the project without an exorbitant fee as well as overall ability to complete the project at all.

Due to lack of oversight Palm Island residents currently pay more for water usage than any other water district in the US.

We are not against upgrading to a newer sewer system but do not believe the new plan is acceptable.

We are looking for fair and equitable rate charges and do not have confidence in the technical ability of EU to complete.

There is,

- 1-Uncertain hook up cost
- 2-High additional electric costs
- 3-Tree removal, landscaping will damage the islands fragile ecosystem
- 4-No single point of general oversight
- 5-Traffic disruption
- 6-New easement giveaway- EU claims ownership of utility easement
- 7-Overall technical proposal not acceptable

Christopher Zenaty
45 Palm Drive
