Dear Sirs & Madams:

House Bill 741 entitled *Net Metering* is an attempt by Florida Power & Light (FPL) to pad their bottom line and restrict the expansion of solar rooftop systems across Florida. FPL's bottom line in 2020 was \$2,500,000,000 in profit.

I am a Florida homeowner who invested \$51,000 in a rooftop solar system.

Today, the Net Metering arrangement, whereby homeowners sell excess energy back to FPL, is a fair and reasonable arrangement. It incentivizes business owners and homeowners to invest in our energy future and reduce our dependency limited fossil fuels.

We need energy diversity in our state.

Any changes to the existing net metering arrangement will dissuade future homeowners from investing in roof solar power system. Changes will further FPL's monopolistic hold on Florida's energy future.

I strongly encourage you to fight against this bill and provide me information on how I can do the same.

Thank you for your time,

A large, stylized handwritten signature in blue ink, consisting of several overlapping loops and a long horizontal stroke extending to the right.
