Subject: Docket #20200226-SU

To the clerk and commissioners:

My name is Mark Weinstein. My wife Laurie and I are owners on Don Pedro Island, There is a sewer system being proposed for our area. We are not opposed to a sewer system as environmentally it makes sense. We are opposed to a system being implemented by EU. The project as proposed by them has many concerns to us on the island as you are aware not to mention there is no prior track record of this company to implement and maintain this system. The financial stability of this company to withstand any unforeseen expenses is questionable and would potentially impact us all greatly. We respectfully ask that you deny EU's request for wastewater service on the island.

Thank you for your time and consideration in this matter.

Mark and Laurie Weinstein
301 South Gulf Blvd.
