CUSTOMER COMMENTS

To whom it may concern,

This is to state that I and my family are squarely against the proposed wastewater service to our Island.

Nowhere in this state can find a group of people who are more environmentally aware than us. The cost of said proposal is far in excess of its value when other means of caring for waste water are available @ a much lower price.

Example: Our homeowners could purchase a septic pump truck and require that each tank be pumped and inspected on regular basis

Thank you, Murphy MD
