CUSTOMER COMMENTS

To whom it may Concern:  
My Wife & I do not agree on an additional rate. The quality of water is terrible to begin with, and should be investigated to a great extent. We should have quality water since it is being paid for! it is not free. I wouldn't be surprised if it made people sick. So, no, I do not agree (we) and if looked into the quality of the ~~is~~ most likely below health (good) standards.
